PIG LET BOOSTER

EXCELLENT GROWTH
PROMOTER TONIC FOR PIGLETS

Composition:

Each ltr. contains

Iron
Vitamin B12
Folic Acid
Vitamin K
Vitamin A
Copper
DL-Methionine
L-Lysine
S. boulardii : 2 x 10⁹ cfu
Excipients : Q.S.

Benefits:

- Specially prepared nutritional tonic for piglets to improve health & growth
- This specific nutritional tonic helps to improve growth rapidly in piglets, also it can be given to adults in poor conditions
- It supplies important nutrients to the animal to correct- piglet anemia, inappetence, poor health, scaly skin etc.
- Iron along with copper improves metabolic functions and blood formation. Folic Acid and vitamin B12 help in RBC formation
- Amino acids provide energy. Vitamin A repairs tissues and supports for healthy skin and Vitamin K protects against bleeding
- Yeast helps to maintain gut health

Dosage:

Piglets : 10 to 20 ml /animal for 10 days
Adults : 30 ml/ animal for 7-8 days
(Or) as advised by a Veterinarian

Presentation: 1kg., 25 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

FERCOMAX – P

SPECIAL PREPARATION FOR BETTER HEALTH OF PIGLETS

Composition:

(Each kg contains):

Pseudomonas fluorescence : 2x10⁸ cfu

S.boularii : 2x10⁸ cfu

Iron Compound: : 100 mg

Folic Acid : 250 mcg

Vit B12 : 500 mcg

Spirulina : 20 g

Holarrhena antidysenterica : 10 g

Phyllanthus emblica : 10 g

Dextrose : Q.S.

Light Kaolin : Q.S.

Benefits:

- IRON PRO Piglet is a special perpetration of probiotics,herbs with iron and vitamin B to prevent anemia in piglets
- It provides all essentials to keep piglets healthy and active.
- IRON PRO Piglet is rich in Dextrose which provide energy source during early days of life.
- It contains S. boulardii, herbs with Kaolin which helps to improve digestive functions in piglets.
- Spirulina in IRON PRO Piglet is one of the richest source of Protein and also a useful for antibodies production.
- IRON PRO Piglet reduces stress & keeps piglets active.

Dosage:

Piglets: 1 kg/ton of feed
(or) as advised by a veterinarian.

Presentation: 5 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

FERCOMAX – S

SPECIAL PREPARATION
FOR BETTER HEALTH AND
TO ENHANCE PERFORMANCE
IN SOW

Composition:

(Each kg contains):

Pseudomonas fluorescence : 2x10⁸ cfu

S.Boularii : 2x10⁸ cfu

Iron compound : 500 mg

Folic Acid : 250 mcg

Vit B12 : 500 mcg

Leptadenia reticulata : 10 g

Spirulina : 5 gm

Asparagus ramosus : 10 g

Electrolytes : Q.S.

MOS : Q.S.

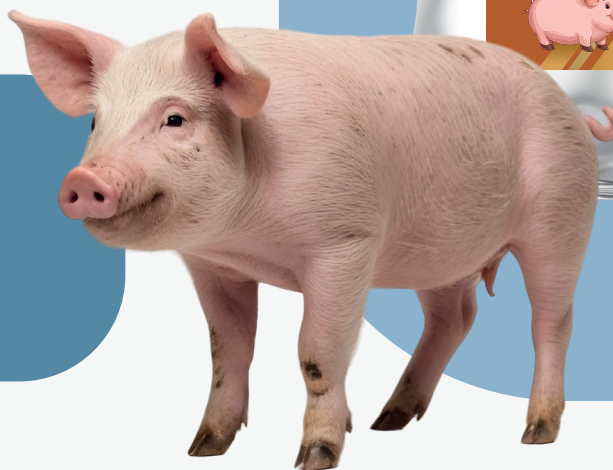

Benefits:

- "IRON-PRO Sow" is a special preparation of probiotics, herbs with iron & vitamin B to prevent anemia
- It provides all essentials to keep sow healthy and active.
- It contains S. boulardii and MOS, which acts as an anti-inflammatory and immuno-modulator. Also it helps to improve digestive functions.
- Spirulina in IRON-PRO Sow is one of the richest source of Protein & also useful for antibodies production.
- It helps to increase milk production in lactating sow.

Dosage:

Sow: 500 gm to 1 kg per ton of feed continuously

Presentation: 5 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

CALCIPRO-WS

WATER SOLUABLE LIQUID CALCIUM WITH VITAMIN D

Composition:

Each litre contains:

Vitamin D3 : 100000 IU

Calcium : 32.4 gm

Phosphors : 15.7 gm

Magnesium : 14.6 gm

Excipients : Q.S.

Advantages:

- Prevents the calcium deficiency by absorbing highly concentrated & bioavailable calcium.
- Prevents Vitamin D deficiency.
- Reduces stress in the birds.
- Helps to reduce drip loss

Administration:

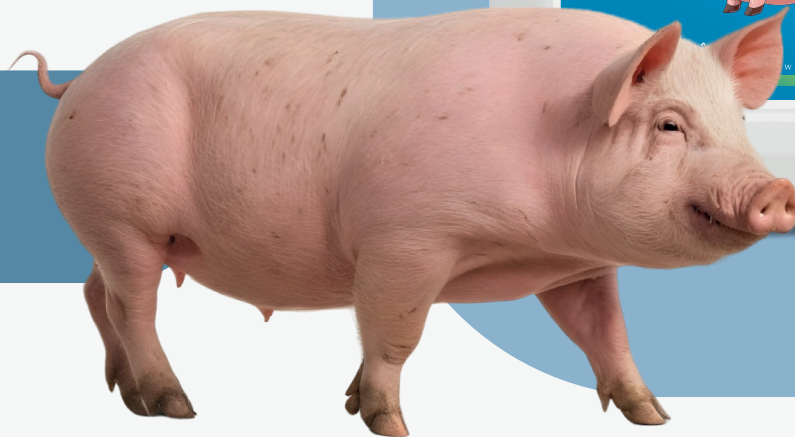

Pigs (adult): 10-15 ml/animal/day for 10 days

Piglets: 2 to 5 ml/animal/day for 10 days

(Or) as advised by a Veterinarian as per the animal requirement.

Presentation: 5 ltr.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

CALFATACID

MEDIUM CHAIN FATTY ACID

Composition:

Each Kg contains:

MCFA (Medium chain fatty acid) : 20%

Calcium formate : 20%

Excipients : Q.S.

Advantages:

- Improves intestinal health and helps to increase feed digestion at optimum level
- Helps to minimize gut pathogens

Administration:

In feed :

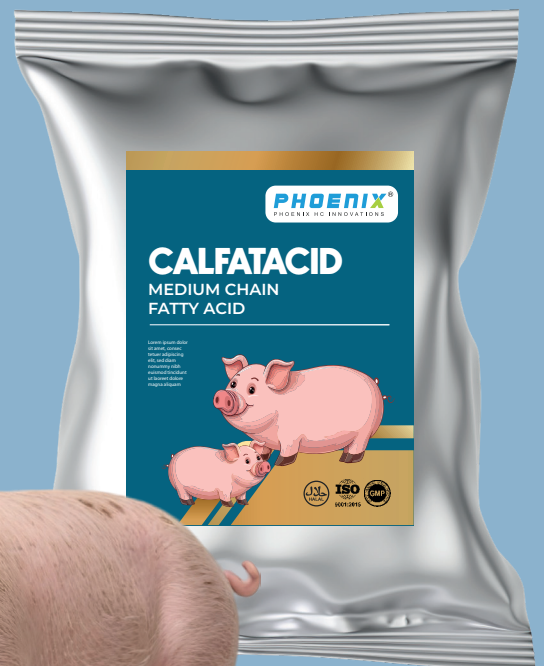

For general administration:

1 Kg per ton of feed for 2-3 weeks.

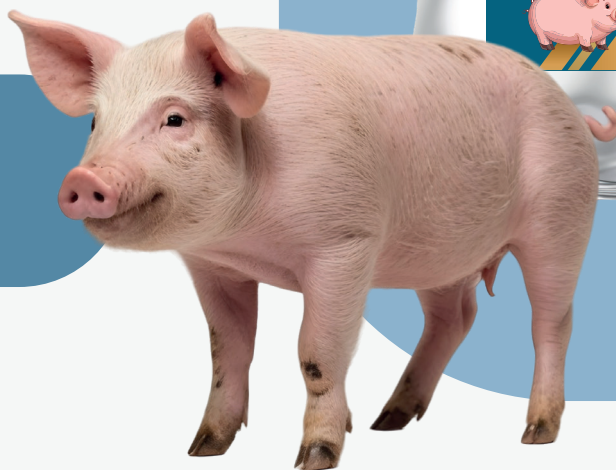

For intensive administration:

2 Kg per ton of feed for 2-3 weeks.

(or) as advised by a veterinarian

Presentation: 1kg, 5 kg, 10 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

WELGRO V&M

VITAMINS AND MINERAL TONIC FOR BETTER HEALTH

Composition:

Each 1 liter contains:

Vitamin A : 4,000,000 IU

Vitamin D3 : 800,000 IU

Vitamin E : 1,600 mg

Vitamin K3 : 800 mg

Vitamin B1 : 2,000 mg

Vitamin B2 : 1,000 mg

Vitamin B6 : 1,000 mg

Vitamin B12 : 1 mg

Vitamin C : 1,000 mg

Folic acid : 100 mg

Choline chloride : 10,000 mg

Lysine : 500 mg

Methionine : 500 mg

Magnesium : 1,000 mg

Calcium : 2,000 mg

Zinc : 1,500 mg

Excipients : Q.S.

Indications:

- It provides all important nutrients to animals to maintain their general health and to enhance individual performance.
- Prevent and treat vitamin and mineral deficiency.
- Increase appetite which helps to improve growth
- Highly recommended in poor growth, poor performance or during various diseases for rapid recovery
- Improve feed conversion.

Dosage:

Administer via drinking water.

Pigs: Weaning animals: 2 to 5 ml per animal/day

Growing animals : 5 ml per animal/day

Adults: 5 to 10 ml per animal/day

(Or) as advised by a Veterinarian, as per the animal requirement.

Presentation: 5 Ltr.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

EMMO-P FOR PIGLETS

TO STIMULATE IMMUNE SYSTEM

Composition:

Composition: Each 10 gm powder contains:

Vitamin A : 5000 IU

Vitamin D3 : 4000 IU

Vitamin C : 200 mg

Vitamin E : 2.5 mg

Selenium oxide : 60 mcg

Organic Chromium : 20 mcg

Zinc sulphate : 20 mg

Copper sulphate : 12 mg

Saccharomyces cerevisiae : 2 gm

Tinospora Cordifolia : 100 mg

Advantages:

- It stimulates the immune system.
- It reduces the stress.
- Essential Vitamins & minerals, help to improve general health of piglets
- Better result in vaccination management.

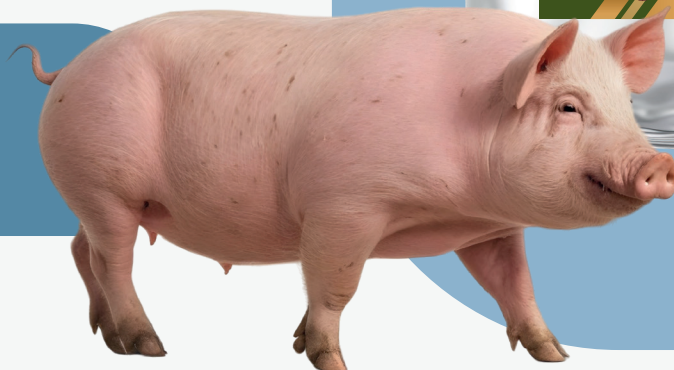

Administration:

Piglets : 5-10 gm per day orally.

(or) as advised by a veterinarian.

Presentation: 1 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

PERFACID-P

PERFECT ACIDIFIER AND GUT CONDITIONER FOR PIGLETS

Composition:

Each 1 litre contains:

Phosphoric acid : 50,000 mg

Citric acid : 50,000 mg

Lactic acid : 25,000 mg

Cupric Sulphate Hydrate : 10,000 mg

Excipients : Q.S.

Advantages:

- It makes gastrointestinal tract acidic and improves its functions at optimum level.
- Improves feed digestion and efficiency.
- Improves growth in piglets
- Prevents the dietary diarrhea.
- Improves the FCR & increases the body weight.

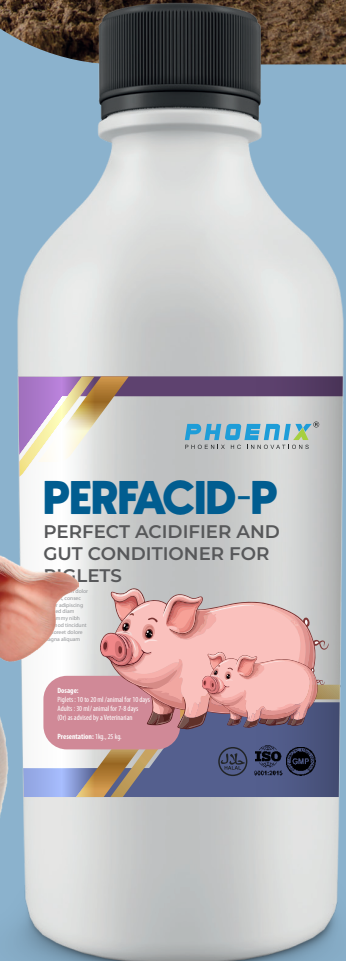

Administration:

In drinking water:

Piglets : Dilute at ratio of 1ml of "ACIDOL"

per 1 litre of drinking water for 3 consecutive days.

(Or) as advised by a Veterinarian, as per the requirement

Presentation: 1 Ltr., 5 Ltr.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

HAEMO VIT-PG

VITAMIN K3 – HAEMOSTATIC FOR PIG

Composition:

Each 1 litre contains:

Menadion Sodium Bisulfite : 80 gm

Excipients : Q.S.

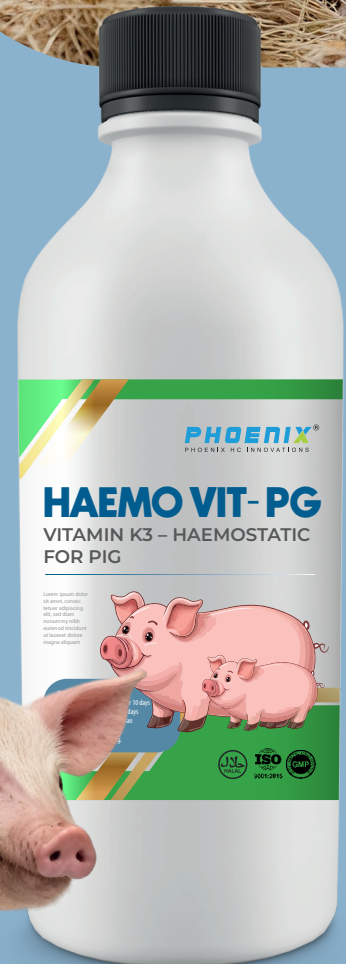

Advantages:

- Helps to coagulate blood during all hemorrhagic conditions
- Highly useful in conditions like Coccidiosis, Necrotic enteritis, swine dysentery etc.

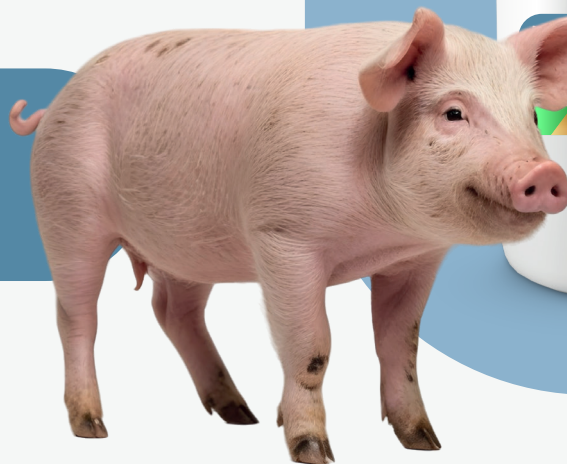

Administration: Orally:

Swine: Drinking water:

1 ml in 2 liters of water for 5-7 days. (Or) as advised by a Veterinarian, as per the requirement of animal health condition.

Presentation: 1 ltr.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

MINERLET-PG

TRACE MINERAL SUPPLEMENTS FOR PIG

Composition:

Iron
Copper
Cobalt
Iodine
Zinc
Manganese
Selenium

Benefits:

- It is specially prepared supplement for pigs contains all important trace minerals which plays crucial role to improve growth and proper development in pigs
- Routine trace mineral supplement, to add in pig & piglet feed, to improve metabolism, bone and muscle development.
- It prevents anaemia and scaly skin

Dosage:

Add in pig feed: 1 kg per Ton of feed
(Or) as advised by a Veterinarian

Presentation: 5 kg & 25 kg

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

BIOLAC-PG

PROBIOTIC WITH DEXTROSE SPECIALLY FOR PIG

Composition:

Mixed Probiotics

(Lactobacillus plantarum, Lactobacillus bulgaricus, Lactobacillus rhamnosus, Lactobacillus acidophilus, Bifidobacterium bifidum, Streptococcus thermophilus, Enterococcus faecium, Aspergillus oryzae,

Dextrose : Q.S.

Advantages :

- Maintains the microflora in the digestive tract.
- Improves digestion and feed efficacy
- It promotes the growth.
- Prevents digestive problems like diarrhea
- It helps to reduce stress.

Administration: In feed:

Suckling piglets: 2 to 4 gm per animal per day or 1500 gm per ton of feed.

Weaned pigs / Sows / Finishers: 5 gm per animal per day or 750 to 1000 gm per ton of feed.

(or) as advised by a veterinarian

Presentation: 1 kg, 5 kg

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

PROCTIVE-PG

NATURAL ADDITIVE TO IMPROVE PERFORMANCE IN PIGS

Composition:

Garlic powder : 50,000 mg

Vitamin E : 2000 mg

Vitamin A : 100,000 IU

Saccharomyces cerevisiae : 2x10⁸ CFU

Bacillus subtilis : 2X10⁸ CFU

Advantages :

- It has unique garlic flavor
- It contains allicin that increases nutrient utilization.
- Activates the endocrine organs to make animal active & healthy.
- Improves general health & productivity of the animal.
- Improves the resistance power against diseases.
- Strengthen the immune system.

Administration: In feed :

Swine : Grower/ Finisher : 1 kg per ton of feed

Piglets: 1.5-2 kg per ton of feed.

(or) as directed by veterinarian.

Presentation: 1 kg, 25 kg

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

REPROPLUS-PG

TO IMPROVE
REPRRODUCTIVE FUNCTIONS
FOR PIG

Composition:

Each 1 kg contains:

Beta –carotene : 2000 mg

Vitamin E : 1000 mg

Selenium : 50 mg

Excipients : Q. S.

Advantages:

- It improves the libido of the animal.
- Improves the conception rate.
- Reduces the interfarrowing period.
- Prevents the cystic ovary.
- Prevents the abortion & still-birth.

Administration:

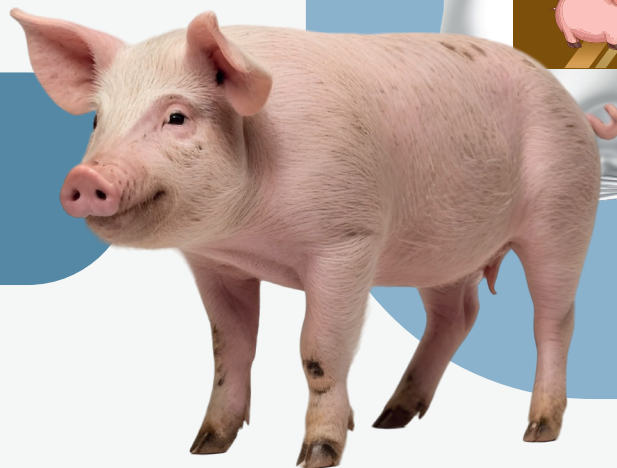

In feed: 25 to 50 gm per animal

(as per the requirement &
the health condition of the animal)

(or) as advised by a veterinarian.

Presentation: 1 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

BETAZIMIX

BETAINE HCL WITH ENZYMES

Composition:

Betaine HCl : 100 gm
Cellulase : 20,000 IU
Protease : 125,000 IU
Alpha-Amylase : 100,000 IU
Ascorbic acid : 100 gm
Tocopherol acetate : 2,000 IU
Sodium bicarbonate : 30 gm
Zinc(Zinc Sulphate) : 1,000 mg
Excipients : Q. S.

Advantages:

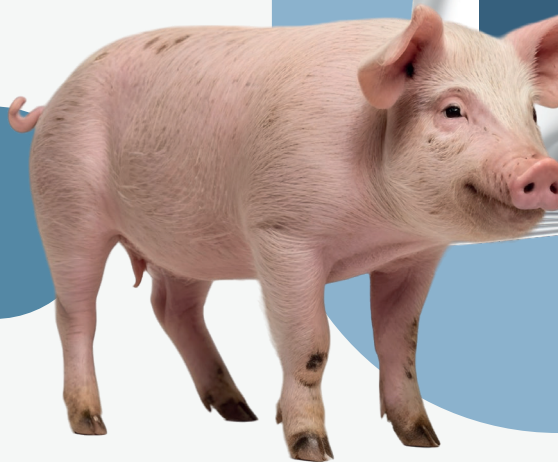

- Maintains the osmotic pressure in the animal body & prevents the dehydration in extreme climatic conditions (intense heat or cold).
- Betaine HCL is an osmolyte that helps to maintain water homeostasis & cell integrity, which is essential during heat stress.
- Prevents the various stress due to high climate or diseases.
- Helps to improve growth and performance
- Improves the digestive functions.
- Improves the immunity.

Administration: In feed:

Pigs : 0.5 to 1 kg of the "BETAZYME MIX"
per metric ton of feed.(or) as advised by a veterinarian.

Presentation: 10kg (1kg x 10)

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

ENPROZIM

PROBIOTIC WITH ENZYMES FOR PIG

Composition:

Each 1 kg contains:

Saccharomyces

cerevisiae : 5x10⁹ CFU

Bacillus subtilis : 2x10⁹ CFU

Aspergillus oryzae : 2x10⁹ CFU

Cellulase : 5,000 unit

Alpha amylase : 200,000 unit

Xylanase : 200 mg

Excipients : Q. S.

Advantages :

- Improves feed digestion and feed efficiency,
- Increases weight gain in piglets
- Improves growth and performance in all age of animals
- Reduces the intestinal ammonia production.
- Improves the immunity.

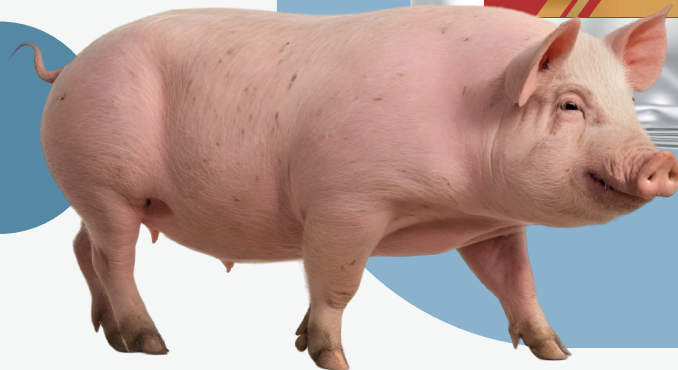

Administration: In feed:

Pigs: 1 to 2 kg of "PROTIZYME" per metric ton of feed.

(or) as advised by a veterinarian.

Presentation: 25kg

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

CALGISAC-PG

DIGESTIVE PREPARATION WITH CALCIUM FOR PIGLETS

Composition:

Each kg contains:

Calcium phosphate, Dibasic : 24 gm

Rumen extract stabilized : 20 gm

Dried Yeast : 200 gm

Sorbitol : 20 gm

Excipients : Q.S.

Advantages:

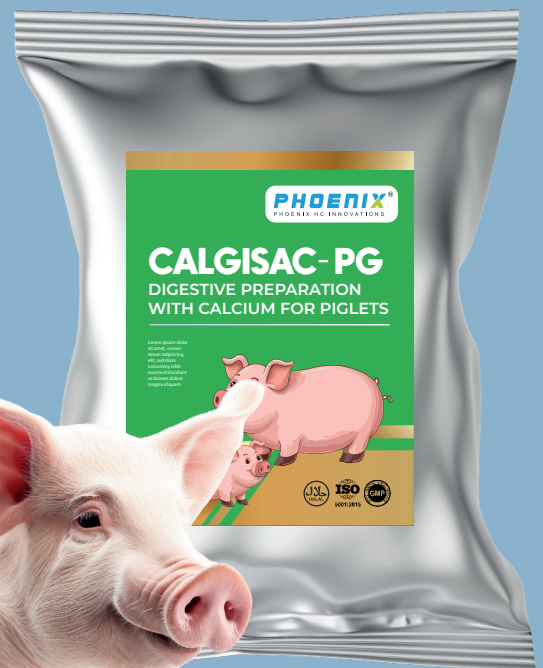

- It improves the feed efficiency & promotes the growth
- It improves the gastrointestinal functions.
- It maintains the normal intestinal flora therefore improves the digestion & prevents the diarrhea.

Administration: Through feed or drinking water
Swine:

Piglets : 5-10 gm / animal /day administer everyday from birth to 5 days old.

Weanling Piglets : 20-30 gm/animal/day administer once or twice.

(or) as advised by a veterinarian.

Presentation: 1kg

We care for Animal Health & Wellness

STIMPRO

LIVER STIMULANT AND GROWTH PROMOTER FOR PIGS

Composition:

Choline Chloride
Vitamin B12
Inositol
DL-Methionine
Vitamin C
Niacin
Protein hydrolysate
Phyllanthus niruri (herb)
Dextrose : Q.S.
Yeast : Q.S.

Benefits:

- Special preparation for pig to stimulate & improve liver functions
- Helps to correct live disorders
- Improves feed intake and feed digestion
- Improves growth, weight gain and FCR
- Highly recommended in poor growth & poor body weight

Dosage:

Powder: Add in swine feed:

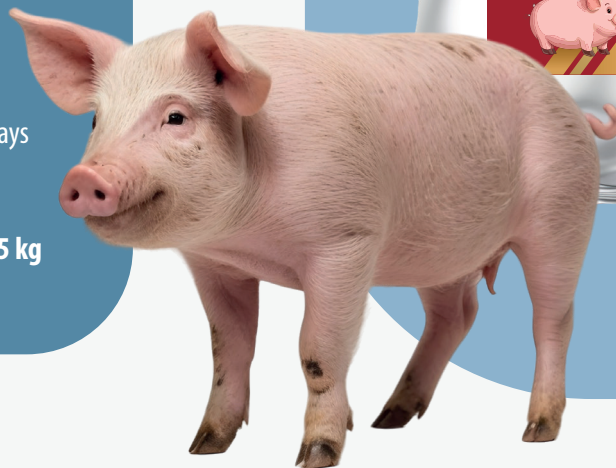

1.5 to 2 Kg per ton of feed

Liquid: Piglets :5-10 ml/animal
for 7-10 days

Adults : 30-50 ml/animal for 7-10 days
(Or) as advised by a Veterinarian

Presentation: Powder : 5 kg & 25 kg

Liquid : 1 ltr. & 5 ltr.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

ZEROSTRESS-PG

TO PREVENT HEAT STRESS AND DEHYDRATION

Composition:

Each kg contains:

Ascorbic acid : 10,000 mg

Taurine : 10,000 mg

Methionine : 10,000 mg

Sorbitol : 35,000 mg

Glucose : Q.S.

Advantages :

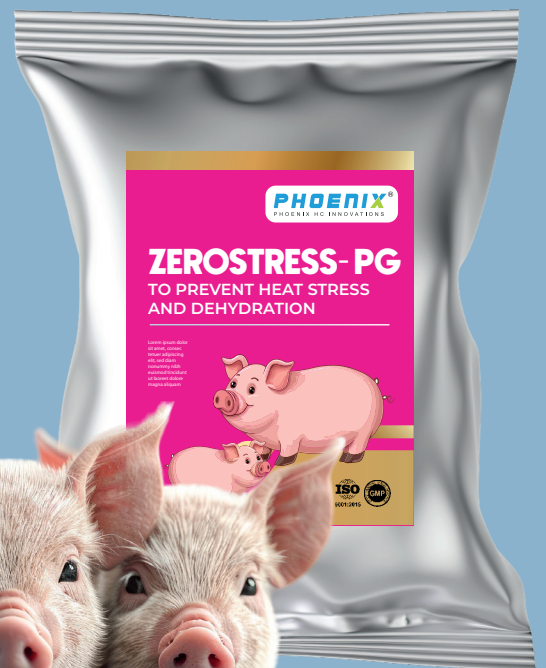

- Prevents heat stress and dehydration.
- Reduces stress & mortality.
- Improves immunity and growth
- Increases the absorption with enhanced feed & water consumption.
- Improves the metabolic functions.

Administration: In drinking water :

Sow: Dilute 30 gm "STRESIN-P" per animal in drinking water & administer once a day for 1-2 days.

Piglet: Dilute 20 gm "STRESIN-P" per 10 animals in drinking water & administer twice a day for 2-3 days.

Weaning pig: Dilute 60 gm "STRESIN-P" per 10 animals in drinking water and administer twice a day for 2 days. (or) as advised by veterinarian.

Presentation: 1 kg.

We care for Animal Health & Wellness

PERFOMAX

NUTRITIONAL TONIC TO ENHANCE PERFORMANCE

Composition:

Each 1 litre contains:

Vitamin B1 : 1000 mg

Vitamin B6 : 1000 mg

Vitamin B12 : 50 mcg

Vitamin A : 500,000 IU

Vitamin D3 : 100,000 IU

Vitamin E : 1000 mg

Lysine : 2000 mg

DL Methionine : 3000 mg

Tinospora cordifolia : 200 mg

Excipients : Q.S.

Advantages :

- Highly useful in poor growth and poor performance in piglets, growers and adults.
- Stimulates the immune system.
- Reduces the stress.
- Provides important nutrients to improve general health and activeness in animals
- Better result in vaccination management.

Administration:

Pigs: Adults: 25 ml / animal / day till improve-ment.

Young animals: 10 ml / animal / day - till improvement.

Growing animals: 15 ml / animal / day till improvement.

(Or) as advised by a Veterinarian, as per the requirement of animal health condition

Presentation: 1 Ltr.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

GROWAPT

TO IMPROVE APPETITE AND GROWTH IN PIG

Composition:

Each 1 kg contains:

Saccharin : 25 %

Citric acid : 3000 mg

Vitamin E : 1000 mg

Glucose : Q. S.

Natural sweetner : Q. S.

Advantages :

- Increases the appetite therefore increases the feed intake by animal.
- Allows to animal to take enough quantity of feed during diseases/infections that helps in rapid recover.
- Helps to reduce stress.
- It stimulates digestive secretions which improves feed digestion and nutrients absorptions.
- Highly useful in loss of appetite cases

Administration: In feed:

Pigs: 200-500 gm per ton of feed.

(or) as advised by a veterinarian.

Presentation: 1kg., 25 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

DIYEAST-PG

SPECIAL YEAST CONTROL PREPARATION FOR PIGS

Composition:

Each kg contain

Saccharomyces cerevisiae : 5 x 10⁹ CFU

DL methionine : 1000 mg

L-lysine : 1000 mg

Vitamin A : 100000 IU

Excipients : Q. S.

Advantages :

- Improves digestion & increases feed absorption rate.
- Increases the feed efficiency.
- Reduces pathogenic growth in digestive tract & helps to reduce digestive problems.
- Helps to control diarrhea.
- Helps to maintain beneficial bacteria in digestive tract, which helps in feed digestion and nutrient absorption.

Administration: In feed:

Pigs: 1-2 kg per ton of feed

(or) as advised by a veterinarian.

Presentation: 25 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

ENPIZYME- P

ENZYME FEED ADDITIVE SPECIALLY FOR PIGS

Composition:

Each Kg contains

Cellulase

Xylanase

Amylase

Pectinase

Pancreatin

Pepsin

Lipase

Phytase

Benefits:

- Special enzyme feed premix, to be add regularly in pig feed, to improve efficiency & proper utilization of the feed
- Improves feed digestion
- Improves bioavailability of nutrients
- Improves growth & FCR
- Prevents loose droppings
- Helps to maximum utilization of nutrients available in the feed

Dosage:

Add in pig feed: 500 gm to 1 kg per
ton of feed

(Or) as advised by a Veterinarian

Presentation: 1 kg, 5 kg & 25 kg

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

FORMULAFORTE- P

CONCENTRATED TOCOPHEROL WITH VITAMIN B1 FOR PIG

Composition:

Each kg contains:

DL-alpha-Tocopherol Acetate : 100,000 IU

Vitamin B1 : 3,000 mg

Immune

Polysaccharide : 5000 mg

Excipients : Q.S.

Advantages:

- Prevents encephalomalacia & breeding disorders.
- Helps for early weaning and growth promotion.
- Improves reproductive functions and fertility
- Prevents the yellow fat disease & exudative diathesis.

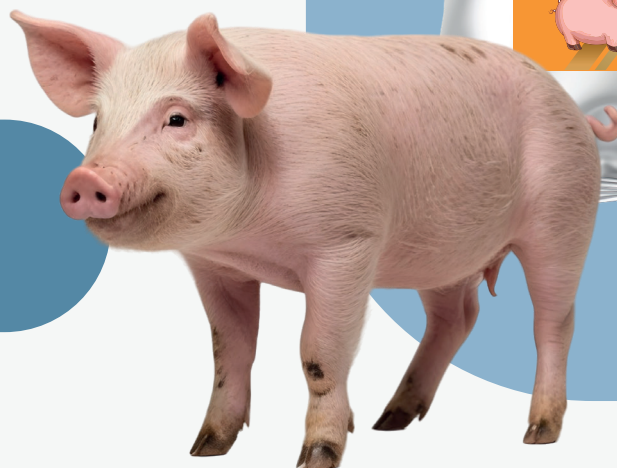

Administration:

Pig: 0.5 to 1.5 gm per animal daily.

(or) as advised by a veterinarian.

Presentation: 100 gm, 1 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

FERTI-B

FERTILITY IMPROVER AND PERFORMANCE BOOSTER

Composition:

Composition: Vitamin E
Selenium
MOS
L – Lysine
DL – Methionine
L - Tryptophan
L – Threonine
Herb (Tribulus terrestris)
Excipients: Q.S.

Benefits:

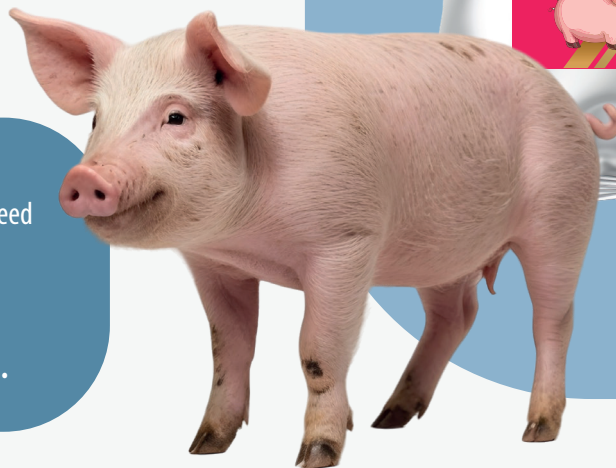

- Unique formula contains vitamin E & selenium with prebiotic, amino acids and herb. It helps to improve fertility and performance in pigs.
- Highly recommended in poor litter size, poor growth & poor fertility
- To improve performance in breeding animals
- Useful in frequent infections or diseases to improve immunity

Dosage:

Add in Pig feed: 200 gm per ton of feed for 7 days, in a month programme (Or) as advised by a Veterinarian

Presentation: 1kg., 5 kg & 25 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

FERCO-MAX BOLUS

FERTILITY IMPROVER BOLUS FOR SOW

Composition:

Each 4gm tablet contains:

Vitamin A

Vitamin E

Iron

Iodine

Selenium

Copper

Cobalt

Zinc

Manganese

Benefits:

- Vitamin and mineral tablet specially for sow, easy to administer and to improve breeding efficiency & productivity
- Helps to improve litter size
- It is also useful to correct reproductive disorders including anoestrous conditions in sow
- Highly useful for proper conceiving & development of embryo
- It supplies important nutrients to improve skeletal system & proper growth in new-borns
- Can be given to lactating sow, so it helps to achieve uniform growth of the piglets through sow's milk

Dosage:

At the time of breeding:

(for conceiving & Embryo development) :

1 to 2 Bolus/ sow for 10 days For effective

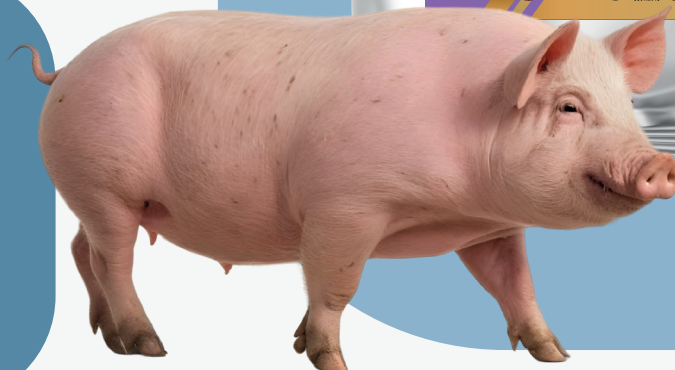

foetus development & parturition :

1 to 2 Bolus / sow for 10 days

Lactating sows :1 Bolus / sow for 10 days

(Or) as advised by a Veterinarian

Presentation: 200 Bolus pouch

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

MILKOS-BOLUS

INCREASE MILK PRODUCTION IN MILKING SOW

Composition:

Each 5gm bolus contains
Calcium Lactate
Niacin
DL-Methionine
L-Lysine
Vitamin A
Pantothenic acid
Leptadenia reticulata
Asparagus racemosus
Dextrose

Benefits:

- Helps to increase milk production in milking sow, highly useful in lactation failure or less milk production
- For better milk composition/milk quality
- It is useful in the event of large litter size
- Lactating mother supplies good nutrient values through milk that nourishes new-borns properly.

Dosage:

Milking sows: 1 to 2 bolus / animal daily,
(Or) as advised by a Veterinarian

Presentation: 50 bolus pouch

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

KAOLIN HERB

HERBAL PREPARATION WITH KAOLIN FOR DIGESTIVE PROBLEMS

Composition:

Each 1kg contains

Light Kaolin : 100 g

Tinospora cordifolia : 30 g

Holarrhena antidysenterica : 30 g

Punica granatum extract : 20 g

Cyperus rotundus : 20 g

Acacia catechu : 20 g

Aegle marmelos extract : 20 g

Woodfordia fruticosa extract : 20 g

Andrographis paniculata extract : 20 g

Zingiber officinale : 20 g

Excipients : q.s.

Benefits:

- It contains natural sources, helps to improve digestive health
- Useful to control non specific diarrhea caused due to various reasons.
- Helps to control digestive problems or disorders very effectively

Dosage:

Administer 1-2 kg per ton of feed according to the severity of diarrhea

Presentation: 1 kg.

We care for Animal Health & Wellness

BREATHEAZ

HERBAL SOLUTION FOR DIGESTIVE PROBLEMS

Composition:

Each 1 Ltr contains:

Adhatoda vasica : 10 gm

Ephedra gerardiana : 6 gm

Hedychium spicatum : 6 gm

Solanum xanthocarpum : 6 gm

Cassia occidentalis : 6 gm

Saussurea lappa : 6 gm

Alpinia kulanjana : 6 gm

Terminalia bellirica : 6 gm

Glycyrrhiza glabra : 6 gm

Eucalyptus globules : 4 gm

Achorus calamus : 4 gm

Abies webbiana : 4 gm

Calotropis procera : 5 gm

Pistacia integerrima : 5 gm

Zingiber officinalis : 6 gm

Piper nigrum : 4 gm

Piper longum : 4 gm

Ocimum sanctum : 6 gm

DM Water as carrier : upto 1000 ml

Benefits:

- "Breath-Herb" contains selective herbs having functional properties which are useful to treat respiratory problems.
- It acts as an expectorant to relieve respiratory distresses like-Coughing, Sneezing, Sinusitis, Laryngitis, Pharyngitis etc.
- Helps to strengthen respiratory system & keeps it optimum functional
- Helps to excrete mucus thereby it keeps the respiratory tract clean.
- Regular use of "Breath-Herb-liquid" helps to prevent discomforts of respiratory tract and possibilities of secondary infections.

Dosage: Pigs

Liquid: Piglets: 5ml per animal daily for 5 days.

Adults: 10 to 15 ml per animal for 5 days

Powder: 1 to 2 kg of "Breath-Herb-powder" in 1 ton of feed, for 3-5 days. (Or) as advised by a Veterinarian.

Presentation: 5 Ltr & 5 kg.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

DIGERB

PURE HERBAL SOLUTION FOR DIGESTIVE PROBLEMS

Composition:

Each 1 Ltr contains:

- Punica granatum : 12 gm
- Aegle marmelos : 12 gm
- Tinospora cordifolia : 12 gm
- Cyperus rotundus : 10 gm
- Acacia catechu : 10 gm
- Holarrhena antidysenterica : 8 gm
- Salmalia malabrica : 8 gm
- Calotropis procera : 8 gm
- Berberis aristata : 8 gm
- Helicteres isora : 6 gm
- Allium savitum : 6 gm
- DM Water as carrier : upto 1000 ml

Benefits:

- Helps to prevent and correct digestive disorders in pigs.
- Highly useful in diarrhea, dysentery, loss of appetite etc. & also in digestive diseases caused by various infections.
- It has properties like-Astringent, Carminative, Anti-protozoan,- Anti-spasmodic, Anti-inflammatory etc.
- It reduces Gastro-intestinal motility.
- It corrects indigestion.
- It has antibacterial activity and immuno-modulatory effect.
- It acts as a gastro protectant.
- Also it helps to correct hepatic dysfunctions

Dosage:

Liquid: Piglets: 5ml per animal daily for 5 days.

Adults: 10 to 15 ml per animal for 5 days
(or) as advised by a veterinarian.

Presentation: 5 Ltr.

W e c a r e f o r A n i m a l H e a l t h & W e l l n e s s

ALT + CTRL + D

TO CONTROL DIARRHOEA

Composition:

Each kg contains:

Kaolin
Bacillus subtilis
Bacillus licheniformis
Lactobacillus sporogenes
Lactobacillus casei
Saccharomyces cerevisiae
Vitamin B1
Vitamin B6
Xylanase (enzyme)
Protein Hydrolysate
Dextrose & Electrolytes : Q.S.
Excipients : Q.S.

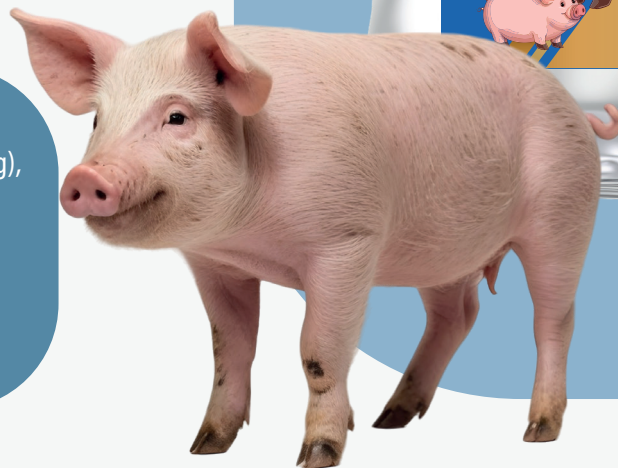

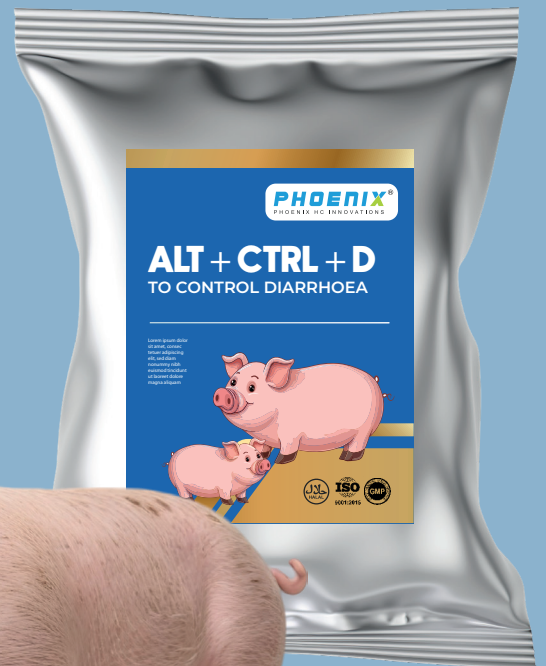

Benefits:

- Special remedy to control piglet diarrhoea
- It contains Kaolin which useful to control diarrhoea/dysentery.
- The probiotics helps to maintain gut health and to improve digestive functions
- It combats the nutrient loss that occurs in diarrhoea/dysentery. It supplies vitamin B1& B6, dextrose, electrolytes and proteins to get instant energy that helps to overcome from nutrient loss in severe diarrhoea
- Highly useful during diarrhoea, dysentery, indigestion etc.

DOSAGE:
